

Set of tools

New!

SOS tool trays – advantages:

The **SOS tool trays** are made from dual-layered foamed polyethylene, which is resistant to grease, petrol, oil, nitro diluents, adhesives and motor oil – all of which can easily be removed without leaving any visible residue (stains). Adhesives and motor oil need to be removed immediately by cleaning with petrol in order to avoid permanent staining.

The inserts remain un-deformed up to a temperature of 80 °C.

These tool trays of polyethylene foam are used for clearer and better organised tool storage in tool boxes, tool cases, the drawers of tool carriages and tool cabinets. This storage is known as the **SOS SYSTEM**. These tool trays can be used in a wide range of temperatures, do not absorb dampness and, with normal use, have a long lifespan. They protect the tools by holding them in their own specifically designed place, thus preventing them from moving uncontrollably around in the storage area. As the positions in the tray are precisely defined and designed for each specific tool, it is also easy to establish which tools are missing.

System

Material: Low density polyethylene foam. Operating temperature range: -70°C till +95°C

Smart composition

The composition of the various sets is based on a continuous cooperation with local professional users of Union tools. The ready sets take into account the requirements of individual fields of activity and represent quality, sensible and cost-attractive tool selection.

Simple selection

Sets of typical field-related tools simplify the selection and purchase of specific instruments you need and use in your work. Electricians, auto mechanics, vehicle painters, computer technicians and many other professionals trust the experience of Unior.

For beginners and professionals

The sets containing various types of wrenches, pliers, screwdrivers, files, hammers, punches, chisels and other tools make for an excellent pick for top-notch, expert craftsmen and the right choice for beginners.

Unior Tool cases

- material: ABS
- with 3-D logo UNIOR
- suitable for several sets of tools
- the advantages of the new tool boxes
- CONTACT EDGE: aluminium profile is banded on the cover
- ALUMINIUM FRAME: torsion is hardened so, that cover in closed condition can not damage
- COVER HOLDER: two metal holders are making the stability of the cover in open state.
- BASE: four base protected tool box before wear
- LOCK KEY: the lock keys are original
- PARTITIONS: the bottom of the case is fitted with adjustable partitions for storage of larger items
- characteristics
- the partition walls are highly stable
- high load of housing
- protection against damage
- highly quality material
- HANDLE
- specific developed
- ergonomically shaped
- highly load capacity
- handy

997

Display panel

- material: perforated steel-plate
- intended for hanging various hand tools on hangers of convenient type
- it is possible to fix the hangers permanently
- easy location of tools
- possibility of combining tool panels of different sizes with set 997.2

607154	A	B	H
	1192	20	595

997.1

Hook

- for display boards, display panel and tool cabinets
- it is possible to fix the hangers in a required position
- chrome plated

1100

Large tool case for maintenance

- Material: Polyester 600D
- Square shape support keeps the case stable and vertical to prevent any danger of spillage of equipment
- Internal pockets for tools provide good organisation inside the case
- Heavy-duty steel handle with ergonomic shape of grip made of foam makes lifting more secure and comfortable
- Parts made from stainless steel do not stain, corrode or rust. The surface finish is an essential part of the look and functionality of a stainless steel structure.
- Strong Rivets; Riveted – for truly unbeatable strength. All places which are prone to extra damage are reinforced with one-piece self-punching rivets with capped design.
- You can easily organise your tools inside the case
- Open design for quick tool recognition

620585	L	B	H
	530	360	355

1101

Small tool case for maintenance

- Material: Polyester 600D
- Open design for quick tool recognition
- Wide main pocket holds plenty of tools.
- Rubber waterproof bottom for maximum tool protection.
- Chain hook 13,5 cm long provides easy access to insulation tapes or flex. Designed to carry one or more electrical tapes. Possible to use for different type of small tools or parts with inside hole design.
- Metal clip holds any common measuring tapes
- Parts made from stainless steel do not stain, corrode or rust. The surface finish is an essential part of the look and functionality of a stainless steel structure.
- Strong Rivets; Riveted – for truly unbeatable strength. All places which are prone to extra damage are reinforced with one-piece self-punching rivets with capped design.
- Adjustable shoulder strap makes lifting more comfortable
- Rubber handle to enable easy carrying

1102

General Purpose Pouch

- Material: Polyester 600D
- Side-Gate stainless steel metal hammer holder to keep hammer at a comfortable angle, new solution with side gate allows easy location of the hammer without looking at the holder
- Metal clip holds any common measuring tapes
- Leather slot for your knife
- Universal tool loops holds larger tools snugly so they are always handy when needed
- Parts made from stainless steel do not stain, corrode or rust. The surface finish is an essential part of the look and functionality of a stainless steel structure.
- Strong Rivets; Riveted – for truly unbeatable strength. All places which are prone to extra damage are reinforced with one-piece self-punching rivets with capped design.

1103

Three Pouch Belt Set

- Material: Polyester 600D
- A professional solution for busy carpenters and builders features 5 handy pockets to cover most trade applications
- Easy to adjust, comfortable nylon belt with 40 mm polypropylene quick release buckle
- Strong Rivets; Riveted – for truly unbeatable strength. All places which are prone to extra damage are reinforced with one-piece self-punching rivets with capped design.
- Screwdriver holders made from real leather provide convenient storage
- Side-Gate stainless steel metal hammer holder to keep hammer at a comfortable angle, new solution with side gate allows easy location of the hammer without looking at the holder
- Metal clip holds any common measuring tapes

620588	L	B	H
	675	150	250

1104

Quick Release Belt

- Material: Polyester 600D
- Padded by 3D mesh breathable material for extra comfort when carrying heavy tools
- Designed to take any Unior Pouch or Holster
- With strong 40 mm, easy to open polypropylene quick release buckles. Designed to prevent accidental release.
- Curved profile for better fit.

Barcode	L	H
620589	1300	60

1105

Knee Pads

- Material: Polyester 600D
- Flexible lightweight knee pads, made from Anti-Slip material on surface that contacts the floor ideal for most applications including general construction
- Breathable extra 3D mesh lining provides maximum cushioning for comfortable all day wear.
- One size fits all. Straps made of elastic with VELCRO easy to adapt the length to your size Knee Pads Light Duty
- Maximum comfort when kneeling

Spirit level professional

- with one horizontal and two vertical plexiglass vial
- two ergonomic hand-holds
- measuring accuracy of 0.5 mm/m in normal position
- measuring accuracy of 0.75 mm/m in inverted position
- walls are thicker, strengthened with ribs outside and walls inside, hereby increasing their rigidity and resistance to deformation
- horizontal vial with fluorescent background allows measuring also in places lacking the light

1300/6

Hand riveter

- material: frame from aluminium alloy, lever handle from special composition steel
- handle: ergonomic shape
- spring for reopening
- completed with 4 nose pieces for setting blind rivets up to 4,8 mm or 3/16"
- with wrench for the change of nose-pieces

Barcode	D1	D2	D3	D4
615454	2.4 (3/32")	3.2 (1/8")	4.0 (5/32")	4.8 (3/16")

1301/6

Hand Riveter Set

- light and durable construction
- 4 nose pieces for installing rivets, 3.2 mm – 6.4 mm (1/8" – 1/4")
- 5 nosepieces for installing blind-rivet nuts, from M4 to M10 (R5/32" – R3/8")
- the tool comes with the SOS tool tray which can be used with Unior tool carriages
- lacquered handles with heavy duty handles
